First Covid Death in the Marshall Islands

The Ministry of Health and Human Services (MoHHS) would like to express their condolences to the family of the young man who died today, 09 August 2022.

This individual was identified ill for a week before being pronounced dead on arrival at Majuro Hospital. The deceased tested positive for COVID-19. MoHHS appeals to the community to treat each other with kindness and respect as we navigate this health challenge together. We thank you for your continued support to our nation's response efforts.

If you have any questions or need further information, please contact the COVID-19 Hotline: 625-3632 or covid19@rmihealth.org.
