Nan meler ko rellap lok ikijen COVID-19 jouj im kepaak ro ilo Ra eo an Jikin Ejmour ilo 625-3632.

ENGLISH:

In 11th August 2022, a chartered Fiji Airways Flight will arrive in Majuro to evacuate a medical case to Fiji. On this flight are 32 individuals who will disembark in Majuro Airport. These 32 individuals include Medical Personnel for MOHHS and Public School System staffs.

The passengers have protocols they will follow which includes:

1. COVID-19 testing upon arrival
2. When negative, individuals will undergo 5 day home quarantine with restricted movement within the community. They will again be tested after the 5 days are completed.
3. If they test positive, individuals will be referred to MoHHS for further evaluation and treatment.

As there is now community transmission, it no longer makes sense to carry out the normal 10 day strict quarantine at designated sites for this group, inclusive of the RMI Compact Negotiations delegation arriving this week as well.

As COVID-19 has spread in Majuro and Ebeye Communities, the public is encouraged to continue to

- Be socially responsible
- Protect vulnerable individuals in your household by continued Good Hand Hygiene and limited physical interaction.
- Look Out for Health Advisories and Government Directives
- Comply with Public Health measures
- Implementation of mask wearing mandate for the next 3 months

For more information on COVID-19 in RMI please contact the COVID-19 hotline at 625-3632.
